

SCAPHON 2023

Community Service Project

This year SCAPHON has chosen to partner with our local Southern California Camp Ronald McDonald for Good Times. This camp is near and dear to so many of our patients, as they offer a variety of camping experiences for cancer patients, siblings and families. We have each worked with patients and families who have shared in the positive impact of the camp experience at Camp Ronald McDonald for Good Times. As many of you know the camp director, Brian Crater, passed away unexpectedly earlier this year. We would like to extend additional support the camp and their team as they work diligently to carry on Brian's legacy and ensuring that each patient, sibling and family has an amazing experience.

The team at Camp Ronald McDonald for Good Times has expanded their Amazon Wish List and have a variety of items that are needed to keep camp running and ensure a memorable experience for all who attend. Should you choose to donate, please use the QR link below and select an item to be delivered directly to camp. Additional Amazon Gift cards can also be brought to the Community Service Table at the conference to be sent to the camp directly.
